Date: 24<sup>th</sup> April 2011

**Middle East Oil Show (MEOS 2011)**  
**Kingdom of Bahrain, 25<sup>th</sup> – 28<sup>th</sup> September 2011**

It gives me great pleasure to write to you to assure you of Bahrain's Government in general and National Oil & Gas Authority in particular, as well as myself as a Minister of Energy – to assure you of our full commitment and support to the Middle East Oil Show which will now take place surely during the period from 25-28 September 2011 at the Bahrain International Exhibition and convention Centre.

Hence, these new rescheduled dates of MEOS 2011 have our full support and, as usual, we look forward for high and extensive representation and contribution towards another fruitful industry exchange in Bahrain.

Therefore the National Oil & Gas Authority (NOGA) pledges to authorize large delegations to attend both the conference and exhibition. Many of our personnel will also be presenting papers at the conference, illustrating the successful story of our energy sector particularly oil & gas. I am honored to confirm that I am going myself to deliver a welcome address at the inaugural conference session on the 25<sup>th</sup> September.

BAPCO, GPIC, BANAGAS and TATWEER have confirmed their commitment to participating in the exhibition, and will be joined on its stand by the Bahrain National Oil and Gas Authority. Bapco is also pleased to chair and support the staging of the second edition of the Middle East Prospect Exhibition (MEPEX 2011). Held under my patronage this prime E&P business event will run in tandem with MEOS 2011 at the Bahrain International Exhibition and Convention Centre.

We encourage all companies with an interest in the future of the Middle East oil and gas industry to join us at MEOS 2011. This exceptional event is an important showcase for the latest technologies whilst acting as a conduit for the strategic collaborations and healthy competition that helps drives our industry forward. We look forward to welcoming attendees to the Kingdom of Bahrain and a highly successful conference and exhibition.

Yours sincerely,

**Dr. Abdul Hussain bin Ali Mirza**  
**Minister of Energy**
